INTRODUCTION

Throughout this annual report, the terms, “we,” “us,” “our” or “the Company” refer to The Flooring Zone, Inc., a Nevada corporation and our wholly-owned subsidiary The Flooring Zone of Georgia, Inc.

FORWARD-LOOKING STATEMENTS

This annual report contains forward-looking statements as that term is defined in Section 27A of the United States Securities Act of 1933 and Section 21E of the Securities and Exchange Act of 1934. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expects”, “plans”, “anticipates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of these terms or other comparable terminology. Such statements are based on currently available financial and competitive information and are subject to various risks and uncertainties that could cause actual results to differ materially from our historical experience and our present expectations. Undue reliance should not be placed on such forward-looking statements as such statements speak only as of the date on which they are made. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

ITEM 1. DESCRIPTION OF BUSINESS

Company History

We incorporated in the State of Nevada on May 5, 2003. On May 13, 2003, pursuant to a Share Exchange Agreement, we acquired all of the outstanding common stock of The Flooring Zone of Georgia, Inc., in exchange for 38,125,000 shares of our common stock. The Flooring Zone of Georgia, Inc., was founded in 2000, and had been operating in the retail floor covering industry since its inception.

From May 2003 through the fourth quarter 2007 we were engaged in the retail floor covering business through our wholly owned subsidiary. During the fourth quarter 2007, we determined to discontinue our retail floor covering operations. The determination to discontinue operations was based on several factors, including:

- we had generated significant operating and net losses each year since inception;
- we had realized steadily declining revenues since 2004;
- our wholly owned subsidiary, The Flooring Zone of Georgia had substantial debt;
- we had no prospects for a significant reversal of these trends; and
- to meet its operating needs, limit ongoing losses and satisfy its debts, management of The Flooring Zone of Georgia had liquidated nearly all of its assets and sold its inventory during fiscal 2007.

Additionally, as management investigated the opportunities and challenges in the retail floor covering business in the southeastern United States, management felt that the business did not present the best opportunity for our Company to realize value for our shareholders.

In connection with the decision to discontinue our retail floor covering operations, we sold our inventory to customers and other vendors. We also sold certain inventory, property and equipment to an employee of the Company in exchange for \$52,500 and assumption of certain Company obligations totaling \$270,239.

With the closing of our final remaining retail location, we moved our executive offices from Brunswick, Georgia to Salt Lake City, Utah. Our executive offices are located at 1245 Brickyard Road, Suite 590, Salt Lake City, Utah 84106. Our telephone number is (801) 433-2000.

Current Business of the Company

With the termination of the operations of The Flooring Zone of Georgia, we are not currently engaged in any business. It is the intention of management to investigate opportunities to increase shareholder value. While management has engaged in preliminary discussions regarding potential business opportunities, we have not entered into agreements with other parties. We anticipate that we will engage in discussions with third parties and management of other companies in which we may suggest or take a position with respect to potential changes in the operations, management or capital structure of such companies as a means of enhancing shareholder value for our shareholders. Such suggestions or positions may relate to or could include, among other things:

- the possible acquisition by any person of additional shares of our securities, or the possible disposition of our securities;
- possible extraordinary corporate transactions (such as a merger, reorganization or liquidation) involving the Company or any of its subsidiaries;
- the possible sale or transfer of the Company or any of its subsidiaries;
- making or seeking to make changes in or affecting the board of directors or management of the Company, including plans or proposals to change the number or term of directors or to fill any existing vacancies on the board of directors;
- making or seeking to make changes in the capitalization or dividend policy of the Company;

- making or seeking to make any other material change in the Company’s business or corporate structure;
- making or seeking to make changes in the Company’s articles of incorporation or bylaws or other actions which may impede the acquisition of control of the Company by any person, including the soliciting of votes of the Company’s shareholders in any annual or special meeting of shareholders of the Company;
- causing or seeking to cause a class of securities of the Company to be delisted from a national securities exchange or to cease to be authorized to be quoted in and inter-dealer quotation system of a registered national securities association;
- causing or seeking to cause a class of equity securities of the Company to become eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934; or
- any action similar to any of those enumerated above.

Competition

While we are not currently engaged in any particular business, we anticipate as we investigate ways to increase shareholder value we will face significant competition from other persons and entities who are likewise seeking business opportunities. We expect that many such persons and entities may be better capitalized, more experienced or may otherwise better positioned or more attractive than the Company. As a result, there is no guarantee we will be successful in our efforts to attract business opportunities that will allow us to increase shareholder values.

Trademarks, Service Marks, Trade Names and Commercial Symbols

We have registered marks with the U.S. Trademark Office including: “The Flooring Zone” and “Save A Comma.” At this time, we know of no infringing uses that could materially affect the use of our service marks, logos or slogans in any state in which stores are or are proposed to be located. We are not the owner or licensee of any patents or copyrights.

Research and Development

We have spent no funds on research and development during the past two years.

Employees

We do not currently have any full time employees. Our sole officer provides services to the Company on an as needed basis. We do not anticipate hiring employees until such time as we undertake new operations.

Going Concern Issues

As shown in our financial statements, we have accumulated losses from operations and have a working capital deficit. These issues raise substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern will depend on many factors,

including, in the short-term, our ability to satisfy and/or resolve the debt obligations of our wholly-owned subsidiary and to obtain additional capital to fund the efforts of management to identify new business opportunities. In the longer term, we anticipate we will need to raise capital to fund an acquisition or other business transaction to improve liquidity and develop operations.

ITEM 2. DESCRIPTION OF PROPERTY

As of the date of this report, we do not own any real property. Our Chief Executive Officer, Andrew Limpert, allows us to utilize a portion of his offices 1245 Brickyard Road, Suite 590, Salt Lake City, Utah for our executive offices. We currently pay no rent to Mr. Limpert and he is under no obligation to make this space available to the Company. We believe the space we currently use is and will be sufficient for our needs until we undertake active business operations.

We currently have no policies regarding investments or interests in real estate, real estate mortgages, or securities of or interests in persons primarily engaged in real estate activities.

ITEM 3. LEGAL PROCEEDINGS

We are involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on our financial position. However, an unfavorable outcome in these claims could result in a possible judgment against us of as much as \$10,000. Together with our legal counsel, we have determined that there is a possibility of loss in these legal proceedings, but consider such losses to be possible and not probable.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS

No matters were submitted to a vote of our shareholders during the fiscal year ended December 31, 2007.

PART II

ITEM 5. MARKET FOR COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND SMALL BUSINESS ISSUER PURCHASES OF EQUITY SECURITIES

Our shares began trading on the Over-the-Counter Bulletin Board ("OTCBB") under the symbol FZON on April 12, 2007. Prior to April 12, 2007 our securities were not traded publicly. As of April 14, 2008, we had approximately 96 shareholders holding 19,569,750 common shares.

The published bid and ask quotations from April 12, 2007, through December 31, 2007, are included in the chart below. This information was obtained from Pink OTC Markets Inc. These quotations represent prices between dealers and do not include retail markup, markdown or commissions. In addition, these quotations do not represent actual transactions.

	BID PRICES		ASK PRICES	
	HIGH	LOW	HIGH	LOW
2007				
Fourth Quarter	.55	.35	.95	.45
Third Quarter	1.16	.35	1.65	.505
Second Quarter	1.25	.25	1.05	1.50

Unregistered Sales of Equity Securities

No instruments defining the rights of the holders of any class of registered securities have been materially modified, limited or qualified.

During the quarter ended December 31, 2007, we did not sell any equity securities.

Repurchases of Equity Securities

During the quarter ended December 31, 2007, we did not repurchase any of our equity securities.

Dividends

We have not declared a cash dividend on any class of common equity in the last three fiscal years. There are no restrictions on our ability to pay cash dividends, other than state law that may be applicable; those limit the ability to pay out all earnings as dividends. Our board of directors does not anticipate paying any dividends in the foreseeable future; it intends to retain the earnings that could be distributed, if any, for the operations.

Securities for Issuance Under Equity Compensation Plans

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in columns (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	-0-	\$0.00	455,000
Equity compensation plans not approved by security holders	-0-	\$0.00	-0-
Total	-0-	\$0.00	455,000

On May 13, 2003 we adopted The Flooring Zone, Inc., 2003 Stock Incentive Plan (the "Plan"). The Plan allow us to grant options to our key employees, officers, directors, consultants, advisors and sales representatives to purchase up to 500,000 shares of its \$.001 par value restricted common stock at an exercise price to be determined by the Stock Option Committee of the board at the time of grant.

On June 18, 2003 we granted options under the Plan to 26 employees to purchase an aggregate of 45,000 shares of our common stock at an exercise price of \$1.25. The options were exercisable for a period of two years from the date of grant and vested immediately. Between June 20, 2003 and September 30, 2003 all of the options were exercised.

There are currently no options, warrants or rights outstanding under the Plan.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

As noted above, as a result of continuing poor performance and ongoing operating losses, coupled with management's evaluation of the long-term outlook of the business and management's desire to improve shareholder value, during the fourth quarter 2007 the Company determined to discontinue its retail floor covering operations. As a result of this decision, our results of operations have been retroactively restated as discontinued operations. Therefore, the presentation of the result of operations in our financial statements and the discussion of the result of operations in this Management's Discussion and Analysis may differ from prior fiscal periods. This discussion should be read in conjunction with the financial statements and financial statement footnotes included in this annual report.

Going Concern

The *Report of Independent Registered Public Accounting Firm* included in this report contains an opinion that we will need additional working capital to service our debts and fund our activities, which raises substantial doubt about our ability to continue as a going concern. We have not historically generated sufficient revenue from operations to meet our operating expenses and with the termination of our retail floor covering business, currently have no way to generate revenue to satisfy these obligations. We have accumulated a deficit of \$3,177,940 since inception and have a negative working capital of \$1,218,067. This raises substantial doubt about our ability to continue as a going concern. To service our debt obligations and continue our efforts to identify new business opportunities, we will need to obtain additional funding. This funding may be sought by means of equity or debt financing. We currently have no commitments from any party to provide funding and there is no way to predict when, or if, any such funding could materialize. There is no assurance that we will be successful in obtaining additional funding on attractive terms or at all.

Results of Operations

General and Administrative Expenses

General and administrative expenses for the year ended December 31, 2007 was flat compared to general and administrative expenses for the year ended December 31, 2006 increasing \$144 to \$58,280. We anticipate general and administrative expenses will remaining relatively consistent until such time as we identify a new business opportunity and commence active operations.

Interest Expense

Interest expense during fiscal 2007 was \$131,742, or 30% lower than fiscal 2006. Interest expense decreased in 2007 for several reasons including decreases to the prime rate, which decreased interest expense on our adjustable rate obligations and the assumption by a Company employee of certain debt obligations in connection with his acquisition from us of certain inventory, equipment and displays.

Loss from Continuing Operations

Loss from continuing operations decreased from \$245,711 during the year ended December 31, 2006 to \$190,022 during the year ended December 31, 2007. This decrease in loss from continuing operations was largely the result of the decrease in interest expense discussed in the preceding paragraph.

Gain (Loss) From Discontinued Operations, Net of Tax

During the year ended December 31, 2007 we realized a gain from discontinued operations net of tax of \$14,749, compared to a loss during 2006 of \$585,669. This gain was largely the result of our efforts to limit costs and expenses during fiscal 2007 coupled with the termination of our lease obligation on the Brunswick store during the third quarter 2007 and gains recognized on the sale of certain fixed assets of the Company during 2007.

Net Loss

For the foregoing reasons, our net loss in fiscal 2007 was \$175,273 compared to a net loss in fiscal 2006 of \$831,380.

With the discontinuance of our retail floor covering business we currently have no ability to generate revenue. It is our intention to keep operating expenses at a minimum until such time as we identify and undertake a new business opportunity that will allow us to generate revenue to meet our operational needs.

Liquidity and Capital Resources

Our capital resources have consisted of revenues from operations, funds raised through the sale of our common stock and debt. As shown in our financial statements, we have an accumulated deficit of \$3,177,940, and negative working capital of \$1,218,067. These factors raise substantial doubt about our ability to continue as a going concern.

As of December 31, 2007 we had total assets of \$6,090, including cash of \$607. At December 31, 2007 total liabilities were \$2,403,951. As we currently have no way to generate income from operations to service our debt obligations, we anticipate we will need to raise additional capital to service those obligations or otherwise negotiate the satisfaction of those debts. We may seek additional equity financing through the sale of our shares or debt financing to try to meet these obligations. We currently have no commitments for additional equity or debt financing and there is no guarantee that we can obtain equity or debt financing on acceptable terms or at all. As noted above, these factors raise substantial doubt about our ability to continue as a going concern.

During fiscal 2007 and 2006 cash was primarily used to fund operations. See below for additional discussion and analysis of cash flow.

	<u>Fiscal 2007</u>	<u>Fiscal 2006</u>
Net cash used in operating activities	\$ (98,979)	\$ (777,847)
Net cash from investing activities	\$ 58,500	\$ 45,020
Net cash provided by financing activities	\$ 15,606	\$ 694,025
NET INCREASE/(DECREASE) IN CASH	<u>\$ (24,873)</u>	<u>\$ (38,802)</u>

As discussed herein, the primary reason for the decrease in net cash used in operating activities is the decrease in net loss from discontinued operations.

During fiscal 2006, we received \$74,813 from the sale of the assets of our Yulee store and we purchased additional equipment for \$29,793. By comparison in fiscal 2007, we purchased no equipment and received \$58,500 from the sale of certain equipment of our Brunswick, Georgia store.

Net cash from financing activities during the year ended December 31, 2007 was \$15,606 as we borrowed \$151,008 on a related-party line of credit and repaid \$135,402 on long term debts. By comparison, during the twelve months ended December 31, 2006 net cash from financing activities was \$694,028. During the 2006 fiscal year we repaid \$305,725 on a line of credit with a related party and net borrowed \$623,137 in long-term debt.

Summary of Material Contractual Commitments

The following table lists our significant commitments as of December 31, 2007.

Contractual Commitments	Total	Payments Due by Fiscal Year			
		Less than 1 year	2-3 years	4-5 years	After 5 years
Lines of Credit-Related Party	\$ 1,051,008	\$ 1,051,008	\$ -0-	\$ -0-	\$ -0-
Notes Payable – Related Party	1,047,492	15,313	33,964	38,050	960,165
Long-Term Debt	160,549	7,451	153,098	-0-	-0-
Total	\$ 2,259,049	\$ 1,073,772	\$ 187,062	\$ 38,050	\$ 960,165

Off-Balance Sheet Financing Arrangements

As of December 31, 2007 and 2006, we had no off-balance sheet financing arrangements.

Critical Accounting Policies

Revenue Recognition

We recognize revenue according to Staff Accounting Bulletin 104, *Revenue Recognition* which clarifies U.S. generally accepted accounting principles for revenue transactions. Accordingly, revenue is recognized when an order has been received, the price is fixed and determinable, the order is shipped and installed, collection is reasonably assured and we have no significant obligations remaining. Licensing fees are royalties paid to us for licensing the use of the name The Flooring Zone. The royalties range from 1-2% of the licensee's commercial sales volume. We currently have no royalty income.

We record accounts receivable for sales which have been delivered but for which money has not been collected. An allowance for doubtful accounts is provided for accounts deemed potentially uncollectible based on analysis and aging of accounts. For customer purchases or deposits paid in advance, we record a liability until products are shipped or installed.

Merchandise Inventory

We record inventory at the lower of cost or market, cost being determined on a first-in, first-out method. We do not believe our merchandise inventories are subject to significant risk of obsolescence in the near-term, and we have the ability to adjust purchasing practices based on anticipated sales trends and general economic conditions.

Vendor Funds

We receive funds from vendors in the normal course of business for purchase-volume-related rebates. Our accounting treatment for these vendor-provided funds is consistent with

Emerging Issues Task Force (EITF) 02-16 "Accounting by a Customer (Including a Reseller) for Certain Consideration Received From a Vendor." Under EITF 02-16, purchase volume rebates should be treated as a reduction of inventory cost, unless they represent a reimbursement of specific, incremental and identifiable costs incurred by the customer to sell the vendor's product. The purchase volume rebates that we receive do not meet the specific, incremental and identifiable criteria in EITF 02-16. Therefore, they are treated as a reduction in the cost of inventory and we recognize these funds as a reduction of cost of sales when the inventory is sold.

Recently Issued Financial Accounting Standards

In September 2006, the Financial Accounting Standards Board ("FASB") issued SFAS No. 157, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value in U.S. generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. This statement is effective for the Company beginning January 1, 2008. The Company is currently assessing the potential impact that adoption of SFAS No. 157 will have on its financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities-Including an Amendment of SFAS No. 115*. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Most of the provisions of this statement apply only to entities that elect the fair value option. This statement is effective for the Company beginning January 1, 2008. The Company is currently assessing the potential impact that adoption of SFAS No. 159 will have on its financial statements.

In December 2007, the FASB issued SFAS No. 141R, *Business Combinations*, the purpose of which is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial reports about a business combination and its effects. SFAS No. 141R retains the fundamental provisions of SFAS No. 141, which it replaces, but is broader in scope than SFAS No. 141. This statement is effective for the Company beginning January 1, 2009. Earlier application is prohibited. The Company is currently assessing the potential impact that adoption of SFAS No. 141R will have on its financial statements.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
The Flooring Zone, Inc.

We have audited the accompanying consolidated balance sheet of The Flooring Zone, Inc. as of December 31, 2007 and the related consolidated statements of operations, stockholders' deficit, and cash flows for the years ended December 31, 2007 and 2006. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Flooring Zone, Inc. as of December 31, 2007 and the results of operations and cash flows for the years ended December 31, 2007 and 2006, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Flooring Zone, Inc. will continue as a going concern. As discussed in Note 11 to the financial statements, the Company has accumulated losses from operations and a deficit in working capital. These issues raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 11. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to Consolidated Financial Statements
December 31, 2007

Note 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization-The Flooring Zone, Inc. (the Company) is a corporation organized under the laws of the State of Nevada on May 5, 2003. On May 13, 2003 pursuant to a Share Exchange Agreement, the Company acquired all of the outstanding common stock of The Flooring Zone of Georgia, Inc (the Georgia Company), a Georgia Corporation, in exchange for 38,125,000 shares of common stock of the Company. In 2006, the company cancelled 19,000,000 shares of its common stock. Until December 2007, the Company's business operations provided for full-service retail floor covering products and services. In December 2007, the Company discontinued its full-service retail floor covering business.

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles. The following summarizes the more significant of such policies:

Principles of Consolidation-The accompanying consolidated financial statements include the accounts of The Flooring Zone, Inc. and its wholly owned subsidiary, The Flooring Zone of Georgia, Inc. All significant intercompany balances and transactions are eliminated.

Revenue Recognition- The Company recognizes revenue according to Staff Accounting Bulletin 104, *Revenue Recognition* which clarifies U.S. generally accepted accounting principles for revenue transactions. Accordingly, revenue is recognized when an order has been received, the price is fixed and determinable, the order is shipped and installed, collection is reasonably assured and the Company has no significant obligations remaining. Licensing fees are royalties paid to the Company for licensing the use of the name The Flooring Zone. The royalties range from 1-2% of the licensee's commercial sales volume.

Use of Estimates in Preparation of Financial Statements-The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents-The Company considers all highly liquid investments with original maturities at the date of purchase of three months or less to be cash equivalents.

Bad Debt and Allowance for Doubtful Accounts- The allowance for doubtful accounts is maintained at a level sufficient to provide for estimated credit losses based on evaluating known and inherent risks in the receivables portfolio. The Company provides an allowance for doubtful accounts which, based upon management's evaluation of numerous factors, including economic conditions, a predictive analysis of the outcome of the current portfolio and prior credit loss experience, is deemed adequate to cover reasonably expected losses inherent in outstanding receivables.

Concentrations of Credit Risk- Financial instruments which potentially subject the Company to concentrations of credit risk consist principally of trade receivables. The Company provides credit to its customers in the normal course of business, and accordingly performs ongoing credit evaluations and maintains allowances for potential credit losses. Concentrations of credit with respect to trade receivables are limited due to the Company requiring a deposit from customers.

The Flooring Zone, Inc.
Notes to Consolidated Financial Statements
December 31, 2007

Inventory- Inventories are stated at the lower of cost or market, cost being determined on a first-in, first-out method.

Property and Equipment- Property and equipment are stated at cost. Expenditures for maintenance and repairs are charged to expense as incurred.

Intangible Assets- Intangible assets include trademarks that have been registered with the United States Patent and Trademarks office. Intangible assets also include the closing costs for refinancing a portion of the Company's debt with a bank. The costs of obtaining trademarks and closing costs are capitalized as incurred and are amortized over their estimated useful lives of fifteen years and five years, respectively, using the straight-line method. Amortization expense for the years ended December 31, 2007 and 2006 were \$1,014 and \$1,014, respectively. Amortization expense for the next five year is expected to be as follows:

Year	Amount
2008	1,014
2009	726
2010	323
2011	323

Income Taxes- The Company applies the provisions of Statement of Financial Accounting Standards(SFAS) No. 109, *Accounting for Income Taxes* which requires an asset and liability approach for financial accounting and reporting for income taxes, and the recognition of deferred tax assets and liabilities for the temporary differences between the financial reporting basis and tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled.

In July 2006, the FASB issued Interpretation No. 48 (FIN No. 48), "Accounting for Uncertainty in Income Taxes." This interpretation requires recognition and measurement of uncertain income tax positions using a "more-likely-than-not" approach. FIN No. 48 is effective for fiscal years beginning after December 15, 2006. The Company adopted the provisions of FIN No. 48, "Accounting for Uncertainty in Income Taxes –an Interpretation of FASB Statement No. 109" on January 1, 2007. FIN No. 48 requires the recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return. Adoption of this new standard did not have a material impact on our financial position, results of operations or cash flows.

Net Loss Per Common share- In accordance with SFAS No. 128, Earnings Per Share, basic loss per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share is computed using weighted average number of common shares plus dilutive common share equivalents outstanding during the period using the treasury stock method. At December 31, 2007 there are no common stock equivalents outstanding, thus, basic and diluted loss per share calculations are the same.

Stock based compensation- Effective January 1, 2006, the Company adopted Statement of Financial Accounting Standards (“SFAS”) SFAS No. 123(R), *Share-Based Payment*, (“SFAS No. 123(R)”). SFAS No. 123(R) requires that the fair value compensation cost relating to share-based payment transactions be recognized in financial statements. Under the provisions of SFAS No. 123(R), share-based compensation cost is measured at the grant date, based on the fair value of the award, and is recognized over the employee’s requisite service period. The fair value of the Company’s stock options is estimated using a Black-Scholes option valuation model. The Company adopted the fair value recognition provisions of SFAS No. 123(R) using the modified prospective transition method. Under this transition method, stock-based compensation cost is recognized beginning January 1, 2006 for all options granted after the date of adoption as well as the unvested portion of previously granted options based on the estimated fair value. Prior to January 1, 2006 the Company accounted for employee stock option grants using the intrinsic method in accordance with APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and accordingly associated compensation expense, if any, was measured as the excess of the underlying stock price over the exercise price on the date of grant. The Company also complied with the disclosure option of SFAS No. 123, *Accounting for Stock Based Compensation*, and SFAS No. 148, *Accounting for Stock-Based Compensation—Transition and Disclosure*, and included disclosures of pro forma information in its footnotes to the consolidated financial statements. Pro forma net income and pro forma net income per share disclosed in the footnotes to the consolidated financial statements were estimated using a Black-Scholes option valuation model. As the Company issued no stock options and none vested during the year the impact of adopting SFAS No. 123(R) resulted in no additional compensation expense in 2007 or 2006.

Advertising Costs- Advertising costs of the Company are charged to expense as incurred. Advertising expense amounted to \$7,419 and \$22,057 in 2007 and 2006, respectively.

Recently Issued Financial Accounting Standards— In September 2006, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 157, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value in U.S. generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. This statement is effective for the Company beginning January 1, 2008. The Company is currently assessing the potential impact that adoption of SFAS No. 157 will have on its financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities-Including an Amendment of SFAS No. 115*. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Most of the provisions of this statement apply only to entities that elect the fair value option. This statement is effective for the Company beginning January 1, 2008. The Company is currently assessing the potential impact that adoption of SFAS No. 159 will have on its financial statements.

In December 2007, the FASB issued SFAS No. 141R, *Business Combinations*, the purpose of which is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial reports about a business combination and its effects. SFAS No. 141R retains the fundamental provisions of SFAS No. 141, which it replaces, but is broader in scope than SFAS No. 141. This statement is effective for the Company beginning January 1, 2009.

Earlier application is prohibited. The Company is currently assessing the potential impact that adoption of SFAS No. 141R will have on its financial statements.

Note 2

INCOME TAXES

The provision for income taxes consists of the following:

	<u>12/31/2007</u>	<u>12/31/2006</u>
Provision for Income Taxes		
Current Taxes	\$ —	\$ —
Deferred Taxes	—	—
Total Provision for Income Taxes	<u>\$ —</u>	<u>\$ —</u>

The Company uses the asset/liability method, where deferred tax assets and liabilities are determined based on the expected future tax consequences of temporary differences between the carrying amounts of assets and liabilities for financial and income tax reporting purposes. The net deferred tax asset generated by the loss carry-forward has been fully reserved.

At December 31, 2007, deferred taxes consisted of the following:

	<u>Current</u>	<u>Noncurrent</u>
Deferred tax assets		
Net operating losses	\$ —	\$ 1,139,357
Valuation allowance	—	<u>(1,139,357)</u>
Net deferred tax asset	—	—
Deferred tax liabilities	—	—
Net deferred taxes	<u>\$ —</u>	<u>\$ —</u>

A valuation allowance is provided when it is more likely than not that some portion of the deferred tax asset will not be realized. Because of the lack of visibility as to the Company's earning ability in the near future, the Company has established a valuation allowance for all future deductible net operating loss carry forwards. The valuation allowance has increased \$143,844 from \$995,513, as of December 31, 2007.

Net operating loss ("NOL") carryforwards expire according to the following:

<u>Year of NOL</u>	<u>NOL</u>	<u>Expires</u>
2007	\$ 175,273	2027
2006	831,380	2026
2005	1,172,526	2025
2004	209,565	2024
2003	459,649	2023
Total	<u>\$ 2,848,393</u>	

The Flooring Zone, Inc.
Notes to Consolidated Financial Statements
December 31, 2007

A reconciliation between income taxes at statutory tax rates (34%) and the actual income tax provision for continuing operations as of December 31, 2007 and 2006 follows:

	<u>12/31/2007</u>	<u>12/31/2006</u>
Expected Provision(Benefit) (based on statutory rate)	\$ (59,593)	\$ (282,669)
Effect of:		
State taxes, net of federal benefit	(10,516)	(49,883)
Difference between prior year estimated NOL's and actual NOL's	73,735	—
Increase/(decrease) in valuation allowance	<u>143,844</u>	<u>332,552</u>
Total actual provision	<u>\$ 0</u>	<u>\$ 0</u>

The Company adopted the provisions of FIN No. 48 on January 1, 2007. As a result of this adoption, we have not made any adjustments to deferred tax assets or liabilities. We did not identify any material uncertain tax positions of the Company on returns that have been filed or that will be filed. The Company continues to incur net operating losses as disclosed above. Since it is not thought that these net operating loss carry forwards will ever produce a tax benefit, even if examined by taxing authorities and disallowed entirely, there would be no effect on the financial statements. A reconciliation of our unrecognized tax benefits for 2007 is presented as follows:

Balance as of January 1, 2007	\$	—
Additions based on tax positions related to the current year		—
Additions based on tax positions related to prior years		—
Reductions for tax positions of prior years		—
Reductions due to expiration of statute of limitations		—
Settlements with taxing authorities		—
 Balance as of December 31, 2007	 <u>\$</u>	 <u>—</u>

The Company has filed income tax returns in the U.S. federal jurisdiction and Georgia state jurisdictions. The Company is no longer subject to U.S. federal tax examinations of any tax returns for years before 2004.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. During the years ended December 31, 2007 and 2006, the Company recognized no interest and penalties. The Company had no payments of interest and penalties accrued at December 31, 2007, and 2006, respectively.

Note 3

COMMON STOCK/PREFERRED STOCK

The Company's preferred stock may be issued from time to time in one or more series. The Board of Directors is to establish by resolution(s) the number of shares to be included in each series, and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof. As of December 31, 2007 no shares of preferred stock have been issued by the Company.

The Flooring Zone, Inc.
Notes to Consolidated Financial Statements
December 31, 2007

On November 29, 2007, pursuant to a Stock Purchase Agreement between Michael Carroll, the sole executive officer and a member of board of directors of the Company, and Andrew Limpert, Mr. Carroll sold 11,550,000 shares of his common stock to Mr. Limpert for \$112,750. Mr. Limpert used personal funds to acquire the shares.

Following the transaction Mr. Limpert owns 11,550,100 shares or 59% of the 19,569,750 shares of outstanding common stock and Mr. Carroll owns 7,449,900 shares or 38% of the outstanding common stock of the Company.

Note 4 STOCK INCENTIVE PLAN

On May 13, 2003 the Company's Board of Directors adopted the Company's 2003 Stock Incentive Plan (the "Plan"). The Plan provides for the granting of equity incentive awards to its key employees, officers, directors, consultants, advisors and sales representatives to purchase up to 500,000 shares of its \$.001 par value restricted common stock. The Stock Option Committee of the board of directors shall determine the terms and conditions of any award under the Plan, including price, vesting, exchange, surrender, termination, exercise or forfeiture provisions, etc. The Company granted 45,000 options in 2003. These options vested immediately and were exercised in 2003. 455,000 options are still available for granting. No stock options were granted, exercised or outstanding during the years ended December 31, 2007 and 2006.

Note 5 RELATED PARTY TRANSACTIONS

During the year ended December 31, 2003 the Company obtained a line of credit with a shareholder and his related companies for the purpose of meeting cash flow needs. The interest rate on the lines of credit is prime plus 1%. As of December 31, 2007 and 2006, the outstanding balances on this line were \$1,051,008 and \$900,000, respectively all maturing within twelve (12) months. During the years ended December 31, 2007 and 2006, the Company had sales to two entities owned by the Company's Former President and C.E.O. amounting to \$257,920 and \$287,239, respectively. These numbers are included in discontinued operations.

During the years ended December 31, 2007 and 2006 the Company paid Joel Arline, a Company director \$10,650 and \$9,112 for accounting and tax preparation and consulting services provided to the Company.

Note 6 LONG-TERM DEBT

The following is a summary of the Company's indebtedness as of December 31, 2007:

Note payable to a bank with interest at 6.50% due in monthly installments of \$1,471.29 through October 2009, secured by property owned by the Company's former president and current shareholder.	\$	160,549
Note payable to a shareholder with interest at 6.875% due in monthly installments of \$7,155.73 through November 2036, unsecured.		1,047,492
		1,047,492

Maturities of debt are as follows:

Year Ending December 31:		Amount
2008	\$	22,764
2009		169,498
2010		17,564
2011		18,810
Thereafter		979,405
	\$	1,208,041

Note 7 LEASES

The Company had an operating lease with an unrelated party for its retail store, warehouse and office facilities. The lease was terminated in 2007. During the year ended December 31, 2007, and 2006 the Company paid lease payments in the amount of \$58,389 and \$189,377, respectively. In November 2006, the Company sold the assets of the Yulee store and terminated the lease on that Store.

Note 8 CONTINGENCIES

The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's financial position. However, an unfavorable outcome in these claims could result in a possible judgment against the Company of as much as \$10,000.

The Company records contingent losses when they are probable and reasonably estimable. The Company and their legal council have determined that these liabilities are possible but no probable.

Note 9 CLOSED OPERATIONS

The Company sold the remaining assets of the Yulee, Florida store in November 2006, due to poor performance. The Company sold the assets for net proceeds of \$74,813 and recognized a gain on the sale of \$27,746. Any inventory not sold was transferred to the Brunswick Store. The Company terminated its lease.

Note 10 DISCONTINUED OPERATIONS

In connection with the decision to discontinue its retail floor covering operations because of poor performance and continuing operating losses, the Company sold certain equipment and inventory to a related party during the fourth quarter 2007. The Company sold the equipment and inventory for proceeds of \$52,500. The Company sold net assets of \$189,487 and the purchaser assumed net liabilities of the Company of \$270,239. Due to the related party nature of the transaction, no gain was recognized and additional paid in capital was increased by \$133,252. The result of operations of the Company have been retroactively restated as discontinued operations.

The Flooring Zone, Inc.
Notes to Consolidated Financial Statements
December 31, 2007

Note 11 GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements, the Company has an accumulated deficit of \$3,177,940, and a negative working capital of \$1,218,067. These factors raise substantial doubt about the Company's ability to continue as a going concern.

Management plans to attempt to renegotiate or otherwise restructure its debt obligations in such a way that will make it possible for the Company to service its debt obligations. The Company also plans to seek additional equity or debt financing to help satisfy its debt service and operating needs. The Company currently has no commitments for additional equity or debt financing and there is no guarantee that the Company can obtain equity or debt financing on acceptable terms or at all. Should the Company be unable to obtain additional financing it may have to discontinue efforts to identify and pursue other opportunities to enhance shareholder value. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ITEM 8A(T). CONTROLS AND PROCEDURES

Management's Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended. Our internal control over financial reporting is designed to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure and to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles.

As of December 31, 2007 we conducted an evaluation, under the supervision and with the participation of our president (also our principal executive officer and principal financial officer), of the effectiveness of our internal control over financial reporting based on the criteria for effective internal control over financial reporting established in "Internal Control — Integrated Framework," issued by the Committee of Sponsoring Organizations (COSO) of the Treadway Commission. Based upon this assessment, we determined that there are material weaknesses affecting our internal control over financial reporting

The matters involving internal controls and procedures that the Company's management consider to be material weaknesses under COSO and SEC rules are: (1) lack of a functioning audit committee and lack of independent directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (2) inadequate segregation of duties consistent with control objectives; (3) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements; and (4) ineffective controls over period end financial disclosure and reporting processes. The aforementioned potential material weaknesses were identified by the Company's Chief Financial Officer in connection with the preparation of our financial statements as of December 31, 2007 and communicated the matters to our management and board of directors.

Management believes that the material weaknesses set forth in items (2), (3) and (4) above did not have an affect on the Company's financial results. However, the lack of a functioning audit committee and lack of a majority of independent directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures, can impact the Company's financial statements for the future years.

Management's Remediation Initiatives

Although the Company is unable to meet the standards under COSO because of the limited funds available to a company of our size, we are committed to improving our financial organization. As funds become available, we will undertake to: (1) create a position to segregate duties consistent with control objectives, (2) increase our personnel resources and technical accounting expertise within the accounting function (3) appoint one or more outside directors to our board of directors who shall be appointed to the audit committee of the Company resulting in a fully functioning audit committee who will undertake the oversight in the establishment and monitoring of required internal controls and procedures; and (4) prepare and implement sufficient written policies and checklists which will set forth procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements.

We will continue to monitor and evaluate the effectiveness of our internal controls and procedures and our internal control over financial reporting on an ongoing basis and are committed to taking further action and implementing additional enhancements or improvements, as necessary and as funds allow. However, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision making can be faulty and that breakdowns can occur because of simple error or mistake. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the company to provide only management's report in this annual report.

PART III

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS, CONTROL PERSONS AND CORPORATE GOVERNANCE; COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

The following table sets forth our directors, executive officers, promoters and control persons, their ages, and all offices and positions held. Directors are elected for a period of one year and thereafter serve until their successors are duly elected by the stockholders. Officers and other employees serve at the will of the Board of Directors.

<u>Name</u>	<u>Age</u>	<u>Positions Held</u>	<u>Director Since</u>
Andrew Limpert	38	CEO, Interim CFO Secretary and Director	November 2007
Joel Arline	38	Director	November 2005

There is currently one vacancy on our board of directors. We hope to fill the vacancy with an independent director. Our ability to locate an independent director may be unsuccessful because we do not have errors and omissions insurance for officers and directors. The above individuals will serve as officers and/or directors. A brief description of their positions, proposed duties and their background and business experience follows:

Andrew Limpert. Mr. Limpert graduated from the University of Utah with a Bachelors of Science degree in Finance in 1994. He earned a Masters of Business Administration with an emphasis in Finance in 1998. Since 1998, he has been an investment advisor with Belsen Getty, LLC, providing wealth management direction and strategic and financial advice for several investment banks. For the past 15 years he has founded, consulted on and funded numerous businesses in the private and public arenas. Mr. Limpert has been associated with Axxess Funding Group, LLC since 2004 as its marketing manager. Mr. Limpert serves as a director of BBM Holdings, Inc. a New York based provider of ship-to-shore internet connectivity technology. BBM Holdings, Inc. is an SEC reporting issuer. In 2007 he became chairman of Nine Mile Software Inc a rebalancing and mutual fund trading software developer.

Joel Arline. Mr. Arline is a Certified Public Accountant in Brunswick, GA. He is the President and Owner of Joel K. Arline, CPA, PC, an accounting firm he founded in 1997. Mr. Arline earned a BBA from Valdosta State University. The CPA firm owned by Mr. Arline, performs audit, review and compilation engagements and also performs tax preparation and consulting for its broad base of clients. Mr. Arline is not a director of any other SEC reporting company.

There are no family relationships among any of our officers and directors.

Involvement in Certain Legal Proceedings

To our knowledge, during the past five years none of the directors or executive officers has been convicted or is currently the subject of a criminal proceeding, excluding traffic violations or similar minor offenses, or has been a party to any judicial or administrative proceeding that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws, except for matters that were dismissed without sanction or settlement. In the past five years none of our directors or executive officers, or any business in which they were a general partner or executive officer, have been the subject of a bankruptcy proceeding.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities (“Reporting Persons”), to file reports of ownership and changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all forms they file pursuant to Section 16(a). Based solely on our review of the copies of such reports received by it, and written representations from certain Reporting Persons that, other than as described below, no other reports were required for those persons, we believe that, during the year ended December 31, 2007, the Reporting Persons complied with all Section 16(a) filing requirements applicable to them.

No one with a principal position has failed to file, on a timely basis, the identified reports required by section 16(a) of the Exchange Act during the most recent fiscal year.

Committees of the Board of Directors

Audit Committee

We do not currently have a standing audit committee or other committee performing similar functions, nor have we adopted an audit committee charter. Given the size of the Company, its available resources and the fact that the our common stock is not listed on any exchange or automated quotation system that requires us to have an audit committee, our board of directors has determined that it is in the Company’s best interest to have the full board fulfill the functions that would be performed by the audit committee, including selection, review and oversight of the Company’s independent accountants, the approval of all audit, review and attest services provided by the independent accountants, the integrity of the our reporting practices and the evaluation of our internal controls and accounting procedures. The board is also responsible for the pre-approval of all non-audit services provided by its independent auditors. Non-audit services are only provided by our independent accountants to the extent permitted by law. Pre-approval is required unless a “de minimus” exception is met. To qualify for the “de minimus”

exception, the aggregate amount of all such non-audit services provided to us must constitute not more than 5% of the total amount of revenues paid by us to our independent auditors during the fiscal year in which the non-audit services are provided; such services were not recognized by us at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the board and approved prior to the completion of the audit by the board or by one or more members of the board to whom authority to grant such approval has been delegated.

As we do not currently have a standing audit committee, we do not, at this time have an “audit committee financial expert” as defined under the rules of the Securities and Exchange Commission.

Nominating Committee

We do not currently have a standing nominating committee or other committee performing similar functions, nor have we adopted a nominating committee charter for the same reasons we do not have an audit committee. In general, when the board determines that expansion of the board or replacement of a director is necessary or appropriate, the board will review through candidate interviews with management, consult with the candidate’s associates and through other means determine a candidate’s honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The board would review any special expertise, for example, that qualifies a person as an audit committee financial expert, membership or influence in a particular geographic or business target market, or other relevant business experience. To date we have not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

Until such time as we appoint a nominating committee, the board of directors will consider director candidates nominated by shareholders during such times as the Company is actively considering obtaining new directors. Candidates recommended by shareholders will be evaluated based on the same criteria described above. Shareholders desiring to suggest a candidate for consideration should send a letter to the Company’s Secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person’s shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate’s business and educational experience; (d) information regarding the candidate’s qualifications to be director, including but not limited to an evaluation of the factors discussed above which the board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate; (f) information regarding potential conflicts of interest; and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of our small size and the limited need to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered,

that all candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the board, and no undertaking to do so is implied by the willingness to consider candidates proposed by shareholders.

Compensation Committee

We do not have a standing compensation committee or a charter; moreover, as we have discontinued our retail floor covering business, we now have no full-time employees, and our only employee is our Chief Executive Officer who provides services on a part-time as needed basis. Currently, to the extent there are any compensation-related issues to be considered, such is determined by the full board of directors. The compensation of Chief Executive Officer is determined and approved directly by board of directors. Neither the Chief Executive Officer nor the board of directors engaged compensation consultants during the year.

Code of Ethics

Our board of directors has adopted a code of ethics that applies to our principal executive officer, principal financial officer and principal accounting officer or controller and to persons performing similar functions. The code of ethics is designed to deter wrongdoing and to promote honest and ethical conduct, full, fair, accurate, timely and understandable disclosure, compliance with applicable laws, rules and regulations, prompt internal reporting of violations of the code and accountability for adherence to the code. We will provide a copy of our code of ethics, without charge, to any person upon receipt of written request for such delivered to our corporate headquarters. All such requests should be sent care of The Flooring Zone, Inc., Attn. Corporate Secretary, 1245 Brickyard Road, Suite 590, Salt Lake City, Utah 84106.

ITEM 10. EXECUTIVE COMPENSATION

The following table summarizes the total compensation paid to the individuals serving as our principal executive officer (the “named executive officers”) during the fiscal years ending December 31, 2007 and 2006. No officer or employee of the Company exceeded \$100,000 in either fiscal year.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Option Awards (\$)	All Other Compensation (\$)	Total (\$)
<i>Andrew Limpert</i> ⁽¹⁾ CEO, CFO and Director	2007	-0-	-0-	-0-	-0-	-0-
<i>Mike Carroll</i> ⁽²⁾ Former CEO and Former CFO	2006	-0-	-0-	-0-	-0-	-0-

(1) Mr. Limpert became Chief Executive Officer and Chief Financial Officer on November 29, 2007.

(2) Mr. Carroll resigned as the Company's Chief Executive Officer and Chief Financial Officer on November 29, 2007.

Employment Agreements

During the fourth quarter we discontinued our retail floor covering operations. Our only employee is our sole officer Andrew Limpert who provides services to the Company on an as needed basis. We do not have an employment agreement with Mr. Limpert. The compensation of our executive officers is determined by our board of directors on an annual basis.

Termination of Employment and Change of Control Arrangement

There are no compensatory plans or arrangements, including payments to be received from us, with respect to any person named in cash compensation set forth above that would in any way result in payments to any such person because of his resignation, retirement, or other termination of such person's employment with the Company or its subsidiary, or any change in control, or a change in the person's responsibilities following a change in control of the Company.

Employer Benefit Plans

We do not provide any health care, retirement, pension, or other benefit plans to our named executive officer at the present time; however, the board of directors may adopt plans as it deems to be reasonable under the circumstances.

Stock Option Plan

On May 13, 2003 we adopted The Flooring Zone, Inc., 2003 Stock Incentive Plan (the "Plan"). The Plan allow us to grant options to our key employees, officers, directors, consultants, advisors and sales representatives to purchase up to 500,000 shares of its \$.001 par value restricted common stock at an exercise price to be determined by the Stock Option Committee of the board at the time of grant. In 2003 the Company granted 45,000 options, none of which were granted to any of the named executive officers. These options vested immediately and were exercised in 2003. 455,000 options are still available for granting.

Employee Stock Purchase Plan

We do not currently have an employee stock purchase plan in place.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END

None of the named executive officers held an outstanding equity award at our fiscal year end.

(2) Mr. Limpert was appointed to the board of directors on November 29, 2007.

(3) Mr. Carroll resigned from the board of directors on November 29, 2007.

Director Stock Purchase Plan

We do not currently have a director stock purchase plan in place.

ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The term “beneficial owner” refers to both the power of investment (the right to buy and sell) and rights of ownership (the right to receive distributions from the company and proceeds from sales of the shares). Inasmuch as these rights or shares may be held by more than one person, each person who has a beneficial ownership interest in shares is deemed the beneficial owners of the same shares because there is shared power of investment or shared rights of ownership.

The following table sets forth as of April 11, 2008 the name and the number of shares of our common stock, par value of \$0.001 per share, held of record or beneficially by each person who held of record, or was known by us to own beneficially, more than 5% of the 19,569,750 issued and outstanding shares of our common stock, and the name and shareholdings of each director and of all officers and directors as group.

<u>Type of Security</u>	<u>Name and Address</u>	<u>Amount & Nature of Beneficial Ownership</u>	<u>% of Class</u>
Common	Joel Arline ⁽¹⁾ 1606 Reynolds Street Brunswick, Georgia 31520	-0-	*

Common	Andrew Limpert ⁽¹⁾ 1245 Brickyard Road, Suite 590 Salt Lake City, Utah 84106	11,550,100	59%
All officers and directors as a group (2 persons)		11,550,100	59%
TOTAL		19,000,000	97%

* Less than 1%

(1) Mr. Limpert is currently the sole officer of the Company. Mr. Limpert and Mr. Arline are directors of the Company.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

During the years ended December 31, 2007 and 2006 we paid Joel Arline, a Company director, \$10,650 and \$9,112 for accounting and tax preparation and consulting services provided to the Company.

During the year ended December 31, 2003 the Company obtained a line of credit with Mike Carroll, the Company's former CEO and CFO, and his related companies for the purpose of meeting cash flow needs. The interest rate on the line of credit is prime plus 1%. As of December 31, 2007 and 2006, the outstanding balances on this line were \$1,051,008 and \$900,000, respectively all maturing within twelve (12) months.

The Company also entered into a long-term note payable with Mr. Carroll. The total amount due under the note at December 31, 2007 and December 31, 2006 was \$1,047,492 and \$1,061,714, respectively. This note bears interest at rate of 6.875% annually. We make monthly installments of \$638, which run through November 2036. The note is unsecured.

During the years ended December 31, 2007 and 2009 we made sales to two entities owned by Mr. Carroll amounting to \$257,920 and \$287,239, respectively.

We believe that each of the above-described transactions was negotiated on terms at least as favorable to us as those available to us on an arms-length basis. As with the above transactions, all future material transactions entered into with related parties shall be on terms no less favorable to us than we can obtain from an unaffiliated third party on an arms-length basis and will be approved by a majority of our disinterested directors.

The board has determined that none of the current board members would qualify as independent directors as that term is defined in the listing standards of the American Stock Exchange.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Mantyla McReynolds has served as our independent registered public accounting firm for the fiscal years ended December 31, 2007 and 2006. Principal accounting fees for professional services rendered for us by Mantyla McReynolds for the fiscal years ended December 31, 2007 and 2006, are summarized as follows:

	<u>2007</u>	<u>2006</u>
Audit	\$ 25,372	\$ 24,737
Audit related	-	-
Tax	-	-
All other	-	-
Total	<u>\$ 25,372</u>	<u>\$ 24,737</u>

Audit Fees. Audit fees were for professional services rendered in connection with our annual financial statement audits and quarterly reviews of financial statements for filing with the Securities and Exchange Commission.

Board of Directors Pre-Approval Policies and Procedures. At its regularly scheduled and special meetings, our Board of Directors, in lieu of an established audit committee, considers and pre-approves any audit and non-audit services to be performed by our independent registered public accounting firm. Our board of directors has the authority to grant pre-approvals of non-audit services.
