INTRODUCTION TO ANNUAL GUIDANCE

Introduction to Annual Guidance

THE ROLE OF OUR SHAREHOLDERS

In 2002, we started out as a small service company (delivering parts out of an old Buick) in Edmonton, Alberta. Since then, we have built a strong reputation as a quality oilfield technology provider, which has allowed us to work with a growing number of oil and gas producers. In recent years, we have been recognized as one of the fastest-growing companies in the world.

Such accomplishments are—in large part—due to our loyal shareholders, driven employees, and valued clients. Thank you for your support of this great company—it is greatly appreciated.

WHY PROVIDE GUIDANCE?

As we have grown, we have made it a priority to provide valuable information to our shareholders. To that end, we employ a number of media to communicate with our shareholders (e.g. our website, mailings, etc.). In that spirit of communication, we want to help our shareholders share our vision of what we see in the upcoming fiscal year.

If you have questions about our guidance, please contact our investor relations department, per the enclosed contact information.

We appreciate and value your role as a shareholder and contributor to this great company,

Andrew Limpert

Chief Financial Officer

FORWARD-LOOKING STATEMENTS

Forward-Looking Statements

This financial outlook contains forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995 and information relating to the Company, such as anticipated revenue and net income values; the Company's potential for strong revenue growth in the future; the Company's potential to deliver shareholder and customer value in the future; and the belief that the Company's sales team will capitalize on future sales opportunities, which are based on the beliefs of, as well as assumptions made by, and information currently available to, our management. Words such as "anticipate," "believe," "estimate," expect," "intend," "plan," "forecast," "appear", "project" and similar expressions, as they relate to the Company are intended to identify forward-looking statements. These statements reflect our management's current views with respect to future events, are not guarantees of future performance and involve risks and uncertainties that are difficult to predict. Further, certain forward-looking statements are based upon assumptions of future events that may not prove to be accurate. Such statements involve known and unknown risks, uncertainties, assumptions and other factors many of which are out of the Company's control and difficult to forecast that may cause actual results to differ materially from those that may be described or implied. Such factors include but are not limited to: general economic conditions; competitive factors; political, economic, and regulatory changes affecting the oil and gas industry; commodity price changes (i.e. of oil and gas) that could affect sales strategies; changes in supplier pricing or transit costs; changes in exchange rates, especially US/Canadian exchange rates; changes in demand for combustion management products, and various other factors, both referenced and not referenced above, and included in the Company's filings with the Securities and Exchange Commission (the "Commission"), including the Company's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. In view of these uncertainties, readers should not place undue reliance on any forward-looking statements, which are based on current expectations. You are advised to carefully review and consider the various disclosures in the Company's filings with the Commission.

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results, performance or achievements may vary materially from those described as anticipated, believed, estimated, expected, intended, planned or projected. Except as required by law, the Company neither intends nor assumes any obligation to revise or update these forward-looking statements, which speak only as of their dates. The Company nonetheless reserve the right to make such updates from time to time by press release, periodic report or other method of public disclosure without the need for specific reference to this financial outlook. No such update shall be deemed to indicate that other statements not addressed by such update remain correct or create an obligation to provide any other updates.

FY2014 TARGETS (UPDATED)

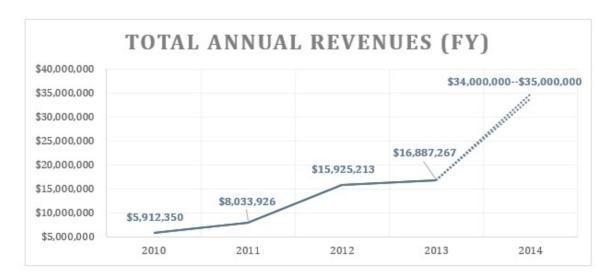

FY2014 Targets (Updated)

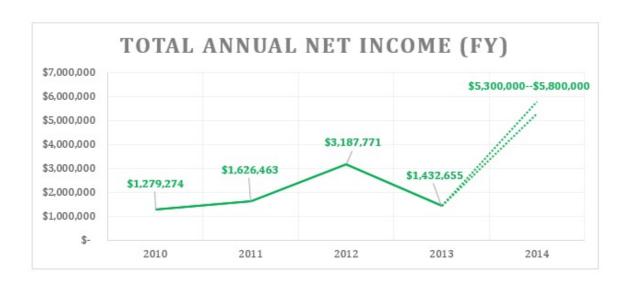

Our 2014 guidance has been updated to reflect our revenue and net income (after-tax) expectations for the balance of FY2014. In conjunction with the safe harbor statement herein, the following targets are estimated for Fiscal Year (FY) 2014:

PROFIRE ENERGY REPORTS RECORD REVENUES, CASH IN Q3 FY2014; RAISES REVENUE AND NET INCOME GUIDANCE FOR FY2014

FY2014 Guidance Raised to \$34.0-35.0M Revenue, \$5.3-5.8M Net Income; Multiple Non-Cash Expenses bring Fiscal Q3 Net Margin below Historical Norm of 20%

LINDON, Utah, February 14, 2014- Profire Energy, Inc. (OTCBB:**PFIE**), a technology company which manufactures, installs and services burner management systems and other combustion technologies for the oil and gas industry, today announced that it has filed its Quarterly Report on Form 10-Q for its fiscal quarter ended December 31, 2013 with the U.S. Securities and Exchange Commission, and updated its guidance for the 2014 fiscal year, available on the Company's website.

The Company reported record quarterly revenue for the three months ended December 31, 2013 of \$9,530,837, and net income (after-tax) of \$1,206,306, respectively. These figures represent a 169% increase in revenue and a 470% increase in net income (after-tax) compared to the same period of the prior fiscal year. Earnings per share increased to \$0.03 for the quarter, compared to (\$0.01) for the same period of the prior fiscal year. As a percentage of revenues, total operating expenses fell from 75% to 33%. The Company reported total assets of \$23,767,322 (with cash and cash equivalents of \$5,732,530) and total liabilities of \$3,484,285.

"Our third fiscal quarter showed significant growth over the same period in fiscal 2013," said Andrew Limpert, Chief Financial Officer of Profire. "With the expansion of our sales team, the opening of new territories, and the continued development of the U.S. market, we saw increased execution from our sales team. As we stay active in training new personnel and improving our current product offering—as well as developing new technologies—we hope to improve our sales effectiveness over the coming quarters. With the sales expansions we recently announced, there will be some time and resources required to realize the potential of these expansions."

The Company reported a 183% increase in the sales of goods (net), as well as a 46% increase in the sales of services (net), while total operating expenses increased 19%.

"We have adjusted our guidance to reflect our expectations for the fourth quarter of fiscal 2014," said Nathan McBride, Finance & Communications at Profire. "We are raising our revenue guidance from \$22.5 million to between \$34.0 and \$35.0 million in revenue, and also raising our net income guidance from \$4.2 million to between \$5.3 and \$5.8 million."

"As we look back at this recent quarter, we are largely pleased with the efforts and results from our team," said Brenton Hatch, Chief Executive Officer of Profire. "Revenues improved quite strongly over last year, though we hope to improve quarter-after-quarter growth in the coming quarter and fiscal year. While we had some non-cash option-related expenses—which are largely non-recurring—that reduced our net income for the quarter, our normal operating profitability remained at approximately historical levels. We appreciate the hard work of our employees, as well as the patience and trust of our stockholders, as we prepare to finish the fiscal year and enter another year of exciting possibilities for Profire and the industry."

The Company remains debt-free.

The Company's financial statements (as filed with the Securities and Exchange Commission) are provided below.
