# **Profire Energy Reports Financial Results for Third Quarter Fiscal 2018**

Profire Increased Net Income by 36% Over the Same Quarter in 2017

**LINDON, Utah November 7, 2018** - Profire Energy, Inc. (NASDAQ: PFIE), a technology company (the "Company") which creates, installs and services burner and chemical management solutions in the oil and gas industry, today reported financial results for its fiscal quarter ended September 30, 2018. A conference call will be held on Thursday, November 8, 2018 at 1:00 p.m. EST to discuss the results.

# Fiscal Q3 2018 Highlights

- Recognized Revenue of \$11.5 million, The Second-Best Quarter in Nearly Four Years
- Net Income of \$1.7 Million or \$0.03 Per Share, a 36% Increase From the Same Quarter Last Year
- Realized Gross Profit of \$ 6.1 Million
- Cash and Liquid Investments at Period End totaled over \$ 22.2 Million
- Remained Debt-Free

# Fiscal Quarter Financial Results

Total revenues for the period equaled \$ 11.5 million or a 14% increase from the same quarter a year ago. This increase is largely attributed to our ability to leverage our expanding customer base with our existing sales force.

Total operating expenses were approximately \$ 3.7 million or a 15% increase over the same quarter last year which was mostly attributable to additional employees and increased R&D spend. Compared with the same year ago quarter, operating expenses for general and administrative increased 15%, R&D increased 19%, and depreciation increased 14%.

Gross profit increased to \$6.1 million or 53% of total revenues, as compared to \$5.1 million or 50% of total revenues in the year-ago quarter. Gross profit margins fluctuate slightly each quarter due to changes in product mix, direct labor costs, and adjustments in our inventory and warranty reserves.

Net income was \$1.7 million or \$0.03 per share, compared to a net income of \$1.2 million or \$0.03 per share in the same year-ago quarter.

Cash and liquid investments totaled \$22.2 million at the end of the quarter and the Company continues to operate debt-free.

# **Management Commentary**

"Our strategic initiatives over the past few years have positioned us well to achieve future growth," stated Ryan Oviatt, CFO of Profire. "Profire's ability to respond quickly to customer demands over the years has distinguished Profire from its competition. Our resources allow us to be flexible in responding to customer demand and market opportunities that will be beneficial to Profire."

"Profire increased revenues in the third quarter despite a sequential slowdown in the industry." said Brenton Hatch, President and CEO of Profire Energy. "So far, this year is on track to be our most profitable year in Company history and the second-best year in terms of revenue. Our core values and strategies involving cost management, and remaining debt free, have allowed us to see great success throughout the industry recovery. Our anticipated performance in 2018 is providing a sold foundation for additional investments in 2019 and beyond."
