## Profire Energy Reports Financial Results for Second Quarter Fiscal 2019

Company recognizes \$10.1 million in revenues, 51.2% gross margin, Acquired Two Additional Companies, and increases Share Repurchase Program

**LINDON, Utah August 7, 2019-** Profire Energy, Inc. (NASDAQ: PFIE), a technology company (the "Company") which creates, installs and services burner and chemical management solutions in the oil and gas industry, today reported financial results for its quarter ending June 30, 2019. A conference call will be held on Thursday, August 8, 2019 at 1:00 p.m. ET to discuss the results.

# Highlights

- Recognized Revenue of \$10.1 million
- Net Income of \$986,000 or \$0.02 Per Diluted Share,
- Realized Gross Profit of \$5.2 Million or 51.2% of Total Revenues
- Cash and Liquid Investments of over \$23 Million and Remained Debt-Free
- Increased Share Repurchase Program by \$2
  million

# Second Quarter 2019 Financial Results

Total revenues for the period equaled \$10.1 million, an 11% decrease over the same period a year ago. This decrease was primarily driven by negative macro industry trends including a 12% drop in the average oil price during the same period.

Net income was \$986,000 or \$0.02 per diluted share, compared to a net income of \$1.7 million or \$0.03 per diluted share in the same quarter last year.

Total operating expenses were approximately \$4.1 million, a 10% increase from the same quarter last year. This increase is primarily due to an increase in wages, professional fees related to acquisition activity, and certifications and development of the PF2200 product.

Compared with the same quarter last year, operating expenses for G&A increased 6%, R&D increased 62% and depreciation increased 14%.

Gross profit was \$5.2 million or 51.2% of total revenues which was down from 52.1% in the same quarter last year. The fluctuation in gross profit margin was due to product mix changes, direct labor costs, and adjustments in our inventory and warranty reserves.

Cash and liquid investments totaled just over \$23 million at June 30, 2019 compared to \$22.6 million at the end of 2018, and the Company continues to operate debt-free.

Within the Quarter the Company closed on an agreement to acquire Millstream Energy Products for total compensation of roughly \$2.5 million US. Subsequent to the end of the second quarter, the Company closed on a Member Interest Purchase Agreement with Midflow Services, LLC, on August 5, 2019, for total compensation of roughly \$2.4 million cash and \$1 million worth of the Company's restricted stock.

The Company announced today that it will continue the stock repurchase program and its Board of Directors has allocated an additional \$2 million towards the existing program, which will remain in effect until October 31, 2019.

### **Management Commentary**

"When analyzing M&A opportunities, we are looking for companies that provide complementary products, improve product development, broaden industry expertise, expand market share, and leverage our strong customer relationships and sales network. We are very excited about both of our recent acquisitions of Millstream and Midflow and believe they fit within our long-term strategy," said Brenton Hatch, President and CEO of Profire Energy. "We anticipated the current market volatility in 2019 and believe our investment strategies, including acquisitions and product development are crucial to Profire's growth in the coming years. We will continue to thoughtfully analyze additional strategic opportunities while we focus on the strategic integration of Midflow and Millstream to ensure these acquisitions are value accretive."

"Total cash spend for both the Millstream and Midflow acquisitions was just under \$5 million US with expected additional annual revenue of \$3.5 to \$5.5 million in the coming years. Profire still maintains

sufficient cash on hand to continue to react quickly to strategic opportunities," stated Ryan Oviatt, CFO of Profire. "We are also wellpositioned to allocate some of our cash on hand to continue the stock repurchase program. This demonstrates our ongoing commitment to provide value to our shareholders."
