## **Profire Energy Reports Financial Results for First Quarter Fiscal Year 2021**

*Company Reports Gross Margin Improvement and Positive Operating Cash Flow for First Quarter*

**LINDON, Utah May 5, 2021** - Profire Energy, Inc. (NASDAQ: PFIE), a technology company (the "Company") that provides solutions which enhance the efficiency, safety, and reliability of industrial combustion appliances, today reported financial results for its first quarter fiscal 2021 ending March 31, 2021. A conference call will be held on Thursday, May 6, 2021 at 1:00 p.m. ET to discuss the results.

### **First Quarter Summary**

- Recognized revenue of \$5.1 million
- Realized gross profit of \$2.2 million or 42.7% of total revenues
- Net loss of \$(601,500) or \$(0.01) per share
- Generated \$1.8 million of cash flow from operations
- Cash and liquid investments of \$19.4 million while remaining debt-free

“The outlook for consumption of oil and gas continues to improve in the short-term as COVID-19 related restrictions ease and vaccine distribution progresses. Given this trend, we believe the worst of the pandemic is behind us and therefore have started to reinvest in our business to ensure we are well positioned to take advantage of the pending recovery. Although we were able to take deliberate actions to drastically reduce expenses during the heart of the pandemic, this quarter’s increase in SG&A is primarily staff-related to accommodate our current and future customers as demand increases. Additionally, I am pleased that we were able to sequentially increase our cash and liquid investments while remaining debt free,” said Ryan Oviatt, Co-Chief Executive Officer and CFO of Profire Energy.

### **First Quarter 2021 Financial Results**

Total revenues for the period equaled \$5.1 million, compared to \$5.7 million in the fourth quarter of 2020 and \$7.4 million in the prior-year quarter. The sequential and year-over-year decrease was primarily driven by the COVID-19 pandemic’s impact on our industry which drastically decreased drilling and completion activity and wiped out the capital budgets of our customers in 2020.

Gross profit was \$2.2 million, compared to \$2.8 million in the fourth quarter of 2020 and \$3.2 million in the prior-year quarter. Gross margin was 42.7% of revenues, compared to 48.7% of revenues in the prior quarter and 42.5% of revenues in the first quarter of 2020. The sequential decrease was due to product mix and lower coverage of fixed costs associated with the drop in revenue.

Total operating expenses were \$3.0 million, compared to \$2.8 million in the fourth quarter of 2020 and \$3.8 million in the year-ago quarter. The year-over-year improvement reflects the actions taken to reduce expenses and adjust the company's cost structure in response to the unusual operating environment over the past year.

Compared with the same quarter last year, operating expenses for G&A decreased 22%, R&D decreased 37% and depreciation increased by 14%.

Net loss for the first quarter was (\$601,500) or (\$0.01) per share, compared to net income of \$55,918 or \$0.00 per diluted share in the fourth quarter of 2020 and a net loss of (\$365,264) or (\$0.01) per share in the same quarter last year.

Cash and liquid investments totaled \$19.4 million at March 31, 2021 compared to \$17.6 million at the end of 2020, and the Company continues to operate debt-free.

“We are encouraged by the overall level of activity we are seeing in our core legacy business as well as some of the traction we are experiencing in our growth segment areas of focus. We expect this trend to continue for our core business and through our recently signed partnerships with Spartan Controls and ECI,” stated Cameron Tidball, Co-CEO of Profire Energy. “We also continue to strategically explore additional industries where our products and solutions expertise can be leveraged, including power and infrastructure and renewable fuels. Through expansion of strategic partnerships and our internal sales and business development initiatives, we expect to continue to gain brand awareness and sales in both our traditional and new markets.”

### **Conference Call**

Profire Energy Executives will host the call, followed by a question and answer period.

Date: Thursday, May 6, 2021

Time: 1:00 p.m. ET (11:00 a.m. MT)

Toll-free dial-in number: 1-855-327-6837

International dial-in number: 1-631-891-4304

The conference call will be webcast live and available for replay via this link:

<http://public.viavid.com/index.php?id=144678>. The webcast replay will be available for one year.

Please call the conference telephone number five minutes prior to the start time. An operator will register your name and organization. If you have any difficulty connecting the conference call, please contact Todd Fugal at 1-801-796-5127.

A replay of the call will be available via the dial-in numbers below after 4:00 p.m. ET on the same day through May 20, 2021.

Toll-free replay number: 1-844-512-2921

International replay number: 1-412-317-6671

Replay Pin Number: 10014415

**About Profire Energy, Inc.**

Profire Energy assists energy production companies in the safe and efficient production and transportation of oil and natural gas. As energy companies seek greater safety for their employees, compliance with more stringent regulatory standards, and enhanced margins with their energy production processes, Profire Energy's burner management products are continuing to be a key part of their solutions. Profire Energy has offices in Lindon, Utah; Victoria, Texas; Homer, Pennsylvania; Greeley, Colorado; Millersburg, Ohio; and Spruce Grove, Alberta, Canada.
