-

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial standards provided pursuant to Section 13(a) of the Exchange Act.

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common, \$0.001 Par Value	PFIE	NASDAQ

Item 8.01 Other Events

On September 15, 2021, the Company announced that its board of directors had authorized a share repurchase program allowing the Company to repurchase up to \$2,000,000 worth of the Company's common stock from time to time through September 30, 2022. Any purchases under the program will be made at the discretion of management. The size and timing of any purchases will depend on price, market and business conditions and other factors.

The share repurchase program was described in a press release issued by the Company, which is attached hereto as Exhibit 99.1.

Item 9.01. Financial Statements and Exhibits.

- (d) The following exhibits are filed as part of this Current Report:
[Exhibit 99.1](#) – Press Release dated September 15, 2021

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Profire Energy Authorizes Share Repurchase Program

LINDON, Utah September 16, 2021 - Profire Energy, Inc. (NASDAQ: PFIE), a technology company (the "Company") that provides solutions which enhance the efficiency, safety, and reliability of industrial combustion appliances, today announced the authorization to repurchase of up to \$2,000,000 worth of the Company's common stock during the upcoming 12-month period. The program's repurchases is expected to commence on October 15, 2021 and continue until September 30, 2022.

The Company's board of directors authorized repurchase program as a means of opportunistically returning capital to shareholders. Repurchases will be made at management's discretion and at prices management considers to be attractive and in the best interests of both the Company and its shareholders, subject to the availability of stock, general market conditions, the trading price of the stock, alternative uses for capital, and the Company's financial performance. The actual number of common stock to be purchased, the timing of purchases and the price at which the shares are purchased will depend on future market conditions and on potential alternative uses for the Company's cash resources. Additionally, the repurchases may also be made under a Rule 10b5-1 plan, which would permit shares to be repurchased when the company might otherwise be precluded from doing so under insider trading laws. Open market purchases will be conducted in accordance with applicable legal requirements.

The repurchase program may be suspended, terminated or modified at any time for any reason, including market conditions, the cost of repurchasing shares, the availability of alternative investment opportunities, liquidity, and other factors deemed appropriate. The repurchase program does not obligate the Company to purchase any particular number of shares.

"The announcement of this repurchase program demonstrates our belief in Profire and a commitment to return value to our shareholders," said Ryan Oviatt, the Company's Co-CEO. "We believe that the current share price is not an accurate reflection of our Company and its value. This announcement further reflects our confidence in the Company's business operations and outlook, as well as our commitment to generating long-term value for our shareholders."

About Profire Energy, Inc.

Profire Energy assists energy production companies in the safe and efficient production and transportation of oil and natural gas. As energy companies seek greater safety for their employees, compliance with more stringent regulatory standards, and enhanced margins with their energy production processes, Profire Energy's burner management products are continuing to be a key part of their solutions. Profire Energy has offices in Lindon, Utah; Victoria, Texas; Homer, Pennsylvania; Greeley, Colorado; Millersburg, Ohio; and Acheson, Alberta, Canada.
